It was m/s/c (Pinkerton/Klein) to approve the proposed language and set for hearing.

AGENDA ITEM 9.4 – Request for Approval of Course in Advanced Cardiac Life Support

This item was carried-over from the March 11, 2004 meeting. At the March meeting, Dr. Terlet appointed Dr. Kaye to work with staff to determine if this course is equivalent to that of the American Heart Association's course. In turn, Dr. Kaye requested that Dr. Margaret Delmore review the materials submitted by the American Safety and Health Institute and determine if the courses were equivalent. As a result, Dr. Delmore submitted a letter for the May board meeting stating that the courses appear to be similar, but she did not have adequate time to review the materials to determine if they were identical.

This item was tabled once again in order to allow Dr. Margaret Delmore sufficient time to review all the materials.

No public comments were given and the meeting adjourned at 12:45 pm.
